UNIVERSITATEA DE VEST
DIN TIMIȘOARA

Intern : Front-End (Web) Developer

IT Software

Locul de desfasurare al stagiului: Timisoara

Numarul de pozitii disponibile: 1 pozitie

Departament/echipa: Web Development

Perioada de desfasurare a stagiului: 01.07.2014 - 30.09.2014

Cunostinte minime :

- You are a Student :) and you know some HTML 5 /CSS3; Javasacript (jQuery, Prototype)
- You like to own your work as opposed to needing constant direction. You'd rather say "I know what to do, I'm on it".
- Attitude and team fit are deal-makers and breakers for us. We're a family @ New Haircut.
- You're pissed if you don't have the opportunity to learn new things, every day, and then share what you've learned with the team.
- English fluency (@ a NYC pace): spoken and written. A plus if you've spent time working for US companies or clients. A double plus if you've spent time working in the US.
- Sometimes this is assumed, but we'd like to make sure it's clear ... everyone at New Haircut takes tremendous pride in their work. We'll expect the same willingness and dedication from you.

Cunostinte ce vor fi dobandite

- learn building responsive designed sites, dedicated tablet/phone sites, mobile apps
- become one of these guys:
